

The strongest VOC compliant solvent available containing a combination of natural citrus and soy solvents for rapid degreasing. Effective remover of grease, oil, grime, scuff marks, wax, creosote, and other solvent-based soils without harsh chemical odors.

USE ON: Garbage Cans and Trucks, Dumpsters, Concrete, Masonry, Road, Farm, Construction, and Industrial Equipment.

DIRECTIONS:

Dilution may vary due to severity of soil, grease or odor. Although product may be applied with trigger or pump type sprayers, product should not be stored at full strength in plastic sprayers as degradation and deformation can occur. Plastic spraying devices should be thoroughly cleaned and rinsed after each use. **NOTE:** When using at high strength it is best to pretest in an inconspicuous area before application. **GENERAL DEGREASING:** Clean grills, hoods, machinery and concrete floors by using product at full strength. Spray or sponge on surface and allow 2 to 4 minutes for degreasing action to occur. Rinse with clear water. **GENERAL DEODORIZING:** To deodorize hard surfaces, spray lightly to wet source of malodors. **DRAIN MAINTENANCE:** Deodorizes and liquefies grease and scum which cause clogging. Pour 3 to 4 ounces into each drain. Let stand 5 to 10 minutes. Flush with hot water. **GREASE TRAPS:** Pour or pump 5 ounces daily into grease traps smaller than 2 cu. ft. capacity. For larger traps use 5 to 10 ounces daily. **REMOVES STAINS FROM CONCRETE:** To remove oil and grease stains from concrete, pour concentrate directly onto stain. Allow 5 minutes to dissolve. Rinse away.

MADE IN THE
U.S.A.

CAUTION: Contains Citrus Terpene (5989-27-5) Poly-(oxy-1,2-ethanediyl)-alpha-undecyl-omega (34398-01-1), and Alcohols, C12-13, ethoxylated (66455-14-9). Do not take internally. Avoid contact with eyes. Avoid breathing vapors. Vapor is heavier than air and may collect in low lying areas. Keep away from heat, sparks, and open flame.
