

TERAND

The Maintenance Professional's Choice

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY

WARNING: Contains Trichloroethylene (79-01-6). Use only in a well ventilated area with a constant supply of fresh air. Avoid breathing vapors or spray mist. Excessive inhalation of vapors may cause nasal and respiratory irritation and central nervous system effects including dizziness, nausea and headaches. In confined or poorly ventilated areas, vapors can cause unconsciousness or death. If you experience eye watering, headaches or dizziness, increase air flow, wear respiratory protection or leave the area. Avoid eye contact and excessive skin contact. Do not expose to heat or store at temperatures above 120°F. Do not puncture or incinerate container. **WARNING:** This product contains a chemical known to the State of California to cause cancer.

FIRST AID:

IF EYE CONTACT: Flush with large amounts of cool running water for at least 15 minutes while holding upper and lower lids open. If irritation persists get medical attention immediately.

IF SKIN CONTACT: Wash with soap and water. If irritation persists seek medical attention.

EXCESSIVE INHALATION: Remove to fresh air. If continued difficulty is experienced, seek medical attention immediately. If breathing stops give artificial respiration.

IF INGESTED: If conscious: Drink large amounts of water. Do not induce vomiting. Seek medical attention immediately. If unconscious: Do not attempt to give anything by mouth to an unconscious person. Seek medical attention immediately.

HMS RATING: Health, 2; Flammability, 0; Reactivity, 0; Personal Protection, G.

HANDLING AND STORAGE:

Keep container closed when not in use. Do not store in unmarked containers. Store in a cool, dry place.

- **NON-FLAMMABLE**
- **NON-CONDUCTIVE**
- **NON-COMBUSTIBLE**
- **NON-CORROSIVE**

A residue free, super fast drying, high power product that dissolves grease and rinses away dirt and grime without injury to working parts. Contains an accepted replacement for 1,1,1-Trichloroethane under the EPA SNAP program. Contains no petroleum distillates. Features a 36,200 volt dielectric strength. High dielectric strength combined with non-flammability make this the only degreaser safe for use on motors, generators, relays, and control panels even while equipment is in operation.

ELECTRICAL USES: Automotive Parts, Diesel Engines, Marine Equipment, Aircraft Parts, Industrial Equipment, Heating and Air Conditioning Equipment, Refrigeration Equipment, Generators, Motors, Windings, Power Tools and Food Processing Equipment.

DO NOT USE ON PLASTICS

DIRECTIONS: Saturate part to be cleaned. Wipe or allow to air dry. For heavily encrusted areas, brush, then rinse off with a second application. May remove some paints, pre-testing is suggested.
